

Title IX Annual Report

2022-23 ACADEMIC YEAR

Susquehanna University is committed to addressing all incidents of sex- and gender-based discrimination and harassment, including interpersonal violence. When the Title IX Office receives a report of harm, our primary focus is to work towards ending the prohibited behavior, preventing recurrence and remedying the effects by providing resources, options and supportive measures. The information below details the outcomes of reports received by our office during the 2022-23 academic year.

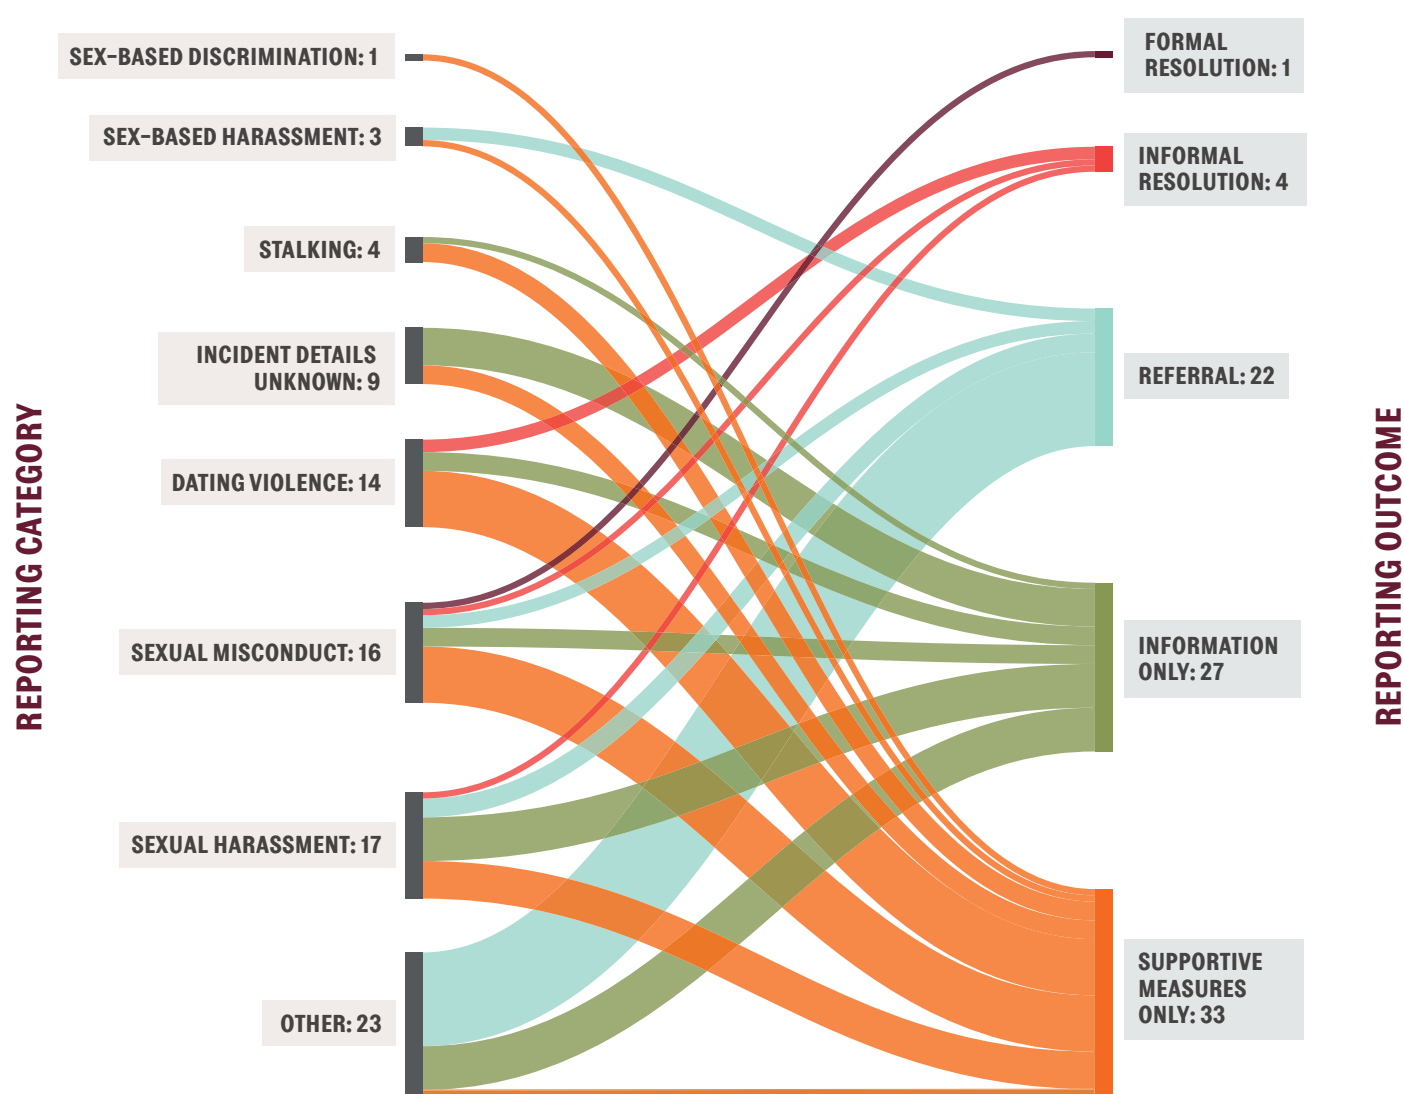

REPORTING MATTERS!

Whether you are a responsible employee, required to report or a bystander who is concerned, reporting helps connect students and colleagues to resources and support.

All identifiable persons in every reported case are offered supportive measures.

- ▶ **INFORMATION ONLY** - No response was received from the Complainant (person alleging harm).
- ▶ **SUPPORTIVE MEASURES ONLY** - The Complainant did not wish to move forward with a resolution process, but received resources such as: academic support, a no contact notice, a referral to the Health Center, CAPs, etc.

ALL STUDENTS IN EVERY REPORTED CASE ARE OFFERED SUPPORTIVE MEASURES.
